

Analog or Digital??

Message #1

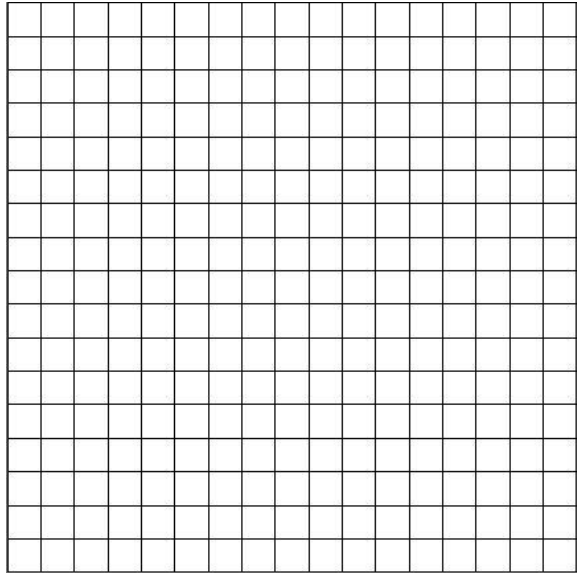

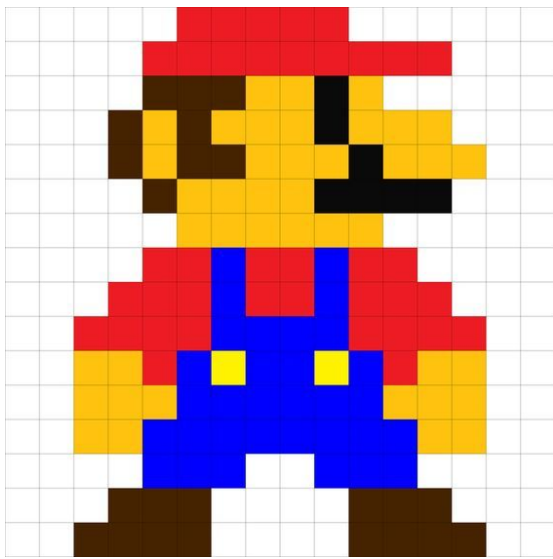

Reproduce this image, freehand, in the empty space beside it (attempt this for 3-5 minutes):

How long do you think it would take you to get it EXACTLY as it is shown, why?

Message #2

Reproduce this image using the grid beside it:

How long do you think it would take you to get it EXACTLY as it is shown, why?

Message #2 may have been more accurate, but it isn't as detailed as Message #1. Could we combine the two ideas to get both detail and accuracy? How?

DIRECTIONS:

- Label the images as digital or analog
- Explain which you would prefer and why

Watches: _____

Cameras: _____

Pictures: _____

Speedometers: _____

Thermometers: _____
