

**Science LEARNING SKILLS**  
**End of year reflection**

	<i>Explain how you've grown in each of these skills this year in grade 6 science:</i>
S.1 Works collaboratively with peers	
S.2 Actively participates during class	
S.3 Organizes and completes work in a timely manner	
S.4 Comes to class prepared for learning	
S.5 Uses creativity to demonstrate learning	
S.6 Clearly explains thinking	
S.7 Attends to detail	

## Where did you grow the most??

A) Which skill did you grow the most in this year?:

B) What have you gotten better at that has made you stronger in this skill

C) How does it make you feel to have grown in this skill?

Make a selfie video to post to your digital portfolio that explains parts A, B, & C on this sheet!

E) What is one artifact (piece of work) that you are proud of in science this year?

(besides the one you already posted in your portfolio)

Post the artifact in your digital Portfolio

Choose **3 of the questions** from the Reflection sheets on your table to answer about the artifact you've chosen.

Type up your answers to those questions and post that reflection on your digital portfolio **WITH** the artifact.
