

**Conclusions:**

This experiment was trying to discover

2) I predicted...

And my hypothesis has been \_\_\_\_\_

(accepted or rejected)

3) The data shows that the airplane without the paper clip flew \_\_\_\_\_.

The airplane with a paper clip flew \_\_\_\_\_.

This happened because ...

4) An error I could have made is:

I could improve my experiment by (explain how to fix the error)...

5) In conclusion, the answer to our original question is...
