## Periodic Table Scavenger Hunt

COMPLETE the following table using your periodic table:

| Name   | Chemical Symbol | Atomic Number | Mass Number | Group # | Period # |
|--------|-----------------|---------------|-------------|---------|----------|
| Carbon |                 |               |             |         |          |
|        |                 | 47            |             |         |          |
|        | Na              |               |             |         |          |
|        |                 |               | 27          |         |          |
| Iodine |                 |               |             |         |          |
|        |                 | 28            |             |         |          |
|        | O               |               |             |         |          |
|        |                 |               | 207         |         |          |
