

GRADE 6 SCIENCE SKILLS REFLECTION

TERM 2 INTERIM REPORTS

PART 1: Go take a picture of your skills section of your report card from your teacher's computer.

PART 2: Using this picture, sort all 7 Skills into 3 categories - you can list them by number:

Skills I am good at (My Strengths):	Skills I have grown in:	Skills I have to work on:
The answers to the following questions will be your script for your explain everything.		
Why are these skills ones you are GOOD at? Explain for each skill!	Why are these skills ones you have GROWN in? Explain for each skill!	Why are these skills ones your NEED TO WORK ON? Explain for each skill!

GRADE 6 SCIENCE SKILLS REFLECTION

TERM 2 INTERIM REPORTS

PART 3:

Listen to the inexperienced podcaster presentation and the experienced podcaster presentation [on your teacher's website](#):

What was the difference between them?:

PART 4:

After listening to the podcasts of inexperienced vs. experienced podcasters, record yourself talk through the front of this sheet in the Explain Everything ([on your teacher's website](#)):

Record yourself in the EE:

1. Placing the skills into the appropriate columns
2. EXPLAINING why you place each one where you do
3. Plan and record your EE like and EXPERIENCED podcaster!!

PART 5:

- 1) Export your EE as a VIDEO file to your Google Drive science folder.
- 2) Then, post it to your Digital Portfolio!
